| Age Group | U.S. should take more action | U.S. should take less action |
|-----------|------------------------------|------------------------------|
| 18-29 | 85% | 15% |
| 30-49 | 85% | 15% |
| 50-69 | 85% | 15% |
| 70+ | 85% | 15% |

has maintained appropriate records for the above reporting period that reflect the procurement and disposal of plastics used on the listed seabed lease location(s) as part of measures employed to minimise the risk of losses to the marine environment and responsible disposal of plastic waste.

These records support the changes to procurements and disposal means reported below.

Relevant records of plastic procurements, stock and means of disposal employed for waste and redundant items used on leased sites will be retained for a minimum period of 5 years and will be made available to CES representatives on request during site visits.

1. Management of plastic in this reporting period

- (i) The comparison of records for the current and previous reporting period indicates that aggregated procurements of **multi-use plastics** deployed on leased sea-sites has increased (delete as appropriate).

This increase (please delete as appropriate) was due primarily to the following reasons (refer to Guidance for completing the Environmental Management of Plastics: Aquaculture Leaseholders Report).

Increased number of trestle and growing bags

- (ii) The comparison of records for the current and previous reporting period indicates that our aggregated procurements of **short term/ single-use plastics** used on leased sea-sites has remained the same (delete as appropriate).

This decrease (please delete as appropriate) was due primarily to the following reasons: (refer to Guidance for completing the Environmental Management of Plastics: Aquaculture Leaseholders Report).

There are no single use plastics in use at our site

- (iii) The comparison of records for the current and previous reporting periods indicates that **changes to the proportion of waste plastic from leased sea-sites disposed of by recycling, re-use or to landfill are as set out in Table 1 below.**

Table 1: Aggregated changes to disposal methods across waste and redundant plastic used on lease sites in this reporting period.

(Tick as appropriate or enter 'n/a' if the disposal method is not used by your company for waste plastics disposal)

| Disposal method | Change from last reporting period | Single use (v) | Multi use (v) |
|-------------------|-----------------------------------|--------------------------|-------------------------------------|
| Recycling | Increase | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| | Decrease | <input type="checkbox"/> | <input type="checkbox"/> |
| | Stay the same | <input type="checkbox"/> | <input type="checkbox"/> |
| Re-use/re-purpose | Increase | <input type="checkbox"/> | <input type="checkbox"/> |

| | | | |
|---|---------------|--------------------------|--------------------------|
| | Decrease | <input type="checkbox"/> | <input type="checkbox"/> |
| | Stay the same | <input type="checkbox"/> | ✓ |
| | | | |
| Licensed Landfill | Increase | <input type="checkbox"/> | <input type="checkbox"/> |
| | Decrease | <input type="checkbox"/> | <input type="checkbox"/> |
| | Stay the same | <input type="checkbox"/> | ✓ |
| Licensed Incineration-licensed (on-site is illegal) | Increase | <input type="checkbox"/> | <input type="checkbox"/> |
| | Decrease | <input type="checkbox"/> | <input type="checkbox"/> |
| | Stay the same | <input type="checkbox"/> | ✓ |
| Other means of disposal. | Increase | <input type="checkbox"/> | <input type="checkbox"/> |
| | Decrease | <input type="checkbox"/> | <input type="checkbox"/> |
| | Stay the same | <input type="checkbox"/> | ✓ |
| NA | | | |

The **increases** in different disposal means listed in Table 1 are due primarily to the following reasons: (refer to [Guidance for completing the Management of Plastics: Aquaculture Leaseholders Report](#)).

Increased turnover of recyclable oyster bags due to higher number of trestles in use

(Tenants may wish to comment on relative proportions of the different waste plastic disposal methods from their sea-sites, particularly where high levels of recycling are consistently achieved).

2. Improvements in management of plastics on leased sea-sites

Please provide any information you wish to share on measures undertaken over the reporting period regarding improvements in the management of plastics.

No single use in operation all fully recyclable

3. Opportunities and challenges

Please comment on any opportunities, challenges and mitigating circumstances relevant to management of plastic used on leased sea-sites during the reporting period which you would like to share.

N/A

It would be beneficial for CES to open the environmental grant to further business development including alternative growing options i.e hexacycle baskets to reduce wear on traditional bags

5. Report Completed by:

[REDACTED]

[REDACTED]

Once complete, please send your Annual Report by e-mail to:
aquareporting@crownestatescotland.com
 Please title the e-mail as the Annual Plastic Report (year) for (your company name).

Or, tenants may post their completed Annual Report to the Crown Estate at the below address.

Additional page for reporting on the improvements in management of plastics on leased sea-sites.
